

GREAT JOURNEYS NEW ZEALAND NEW CARRIAGE

WHAT IS SCENIC PLUS SERVICE

Scenic Plus offers a refined rail experience that showcases the essence of Aotearoa New Zealand's landscapes, stories and flavours.

Manuhiri (visitors) can enjoy exclusive seating in our new purpose-built carriage adorned with meaningful detail and large panoramic windows. Each of our three train routes boasts its own unique menu inspired by the landscapes it travels through. The delectable dishes' ingredients and wines are sourced from the very lands that glide past the windows creating an immersive culinary journey reflective of the scenic beauty outside.

OUR NEW FULL SENSORY CARRIAGE

To enhance the full sensory experience of a Scenic Plus journey, our new carriage will be launched on the TranzAlpine in April 2024.

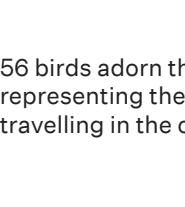

Over three years has been invested in crafting the exquisite and meaningful interior of the new carriages, The design depicts a 'coiling bird,' representative of our Manuhiri.

Significant details include:

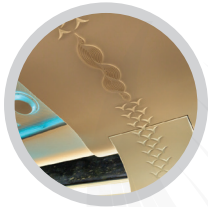

The “Eye of our guardians” sculpture which acts as our guardian for our Manuhiri along the way.

The ceiling panel which is adorned with the backbone of the Toroa (albatross). The design was developed by NZ based Māori artist Ephraim Russell.

56 birds adorn the interior representing the 56 Manuhiri travelling in the carriage.

The tables (which fold to provide space when not dining) are engraved with “Tuku atu, Tuku mai”, meaning “a great journey, is a journey shared”.

The new carriage also boasts wide, comfortable seats that are configured into sections of four to encourage sharing of stories and comfortable dining around the foldable table.
